

Loaves & Fishes

FOOD PANTRY
Neighbors Nourishing Neighbors

Thank you.

YOUR CONTINUED AND GROWING SUPPORT in 2021 allowed Loaves & Fishes to give food to 52,548 people. I am honored to work with a strong, wonderful board, staff, and team of volunteers, and eminently proud that we have been able to stay in operation during a pandemic, all while increasing the amount and quality of food we give out. Where we are today is so much more than we dreamed possible when I started at the pantry in 2017. And we could not have done this without you, our supporters from the Charlottesville community and beyond.

In 2021, Loaves & Fishes

- Increased clients' choice of food by reviewing a menu with each household during registration. The cart of food each household receives is customized for household size and dietary needs.
- Took nutrition education to visitors as they waited in their cars for their groceries. Staff dietitians share food samples and recipes and talk with visitors about eating for health conditions.
- Introduced food pickup-by-appointment on Tuesday afternoons, which has become one of our busiest distribution days because of the anonymity and speed with which visitors get their food.
- Responded to Charlottesville's growing Afghan refugee population by sourcing and customizing culturally relevant food and by offering group food pickups with our partner International Neighbors.
- Expanded our partnerships with other social service agencies like Piedmont Housing Alliance to distribute food directly to under-resourced communities.
- Installed a new walk-in freezer and backup generator to protect perishable food, added a canopy over the north side of our building to expand outside workspace, added retractable awnings on the east side of the building to make outdoor distributions more comfortable in hot and wet weather, and contracted a facility study to determine best uses of our 5,900-sq. ft. building.

We did this while continuing our weekly distributions of at least 100 pounds of food to 350+ households each week, providing a total of 2 million pounds of groceries to people who need access to healthy food.

We could not do this without your support. On behalf of the staff, volunteers, and those who visit the pantry for help, our utmost thanks.

OUR MISSION

To give food with kindness and compassion to those seeking assistance while providing an opportunity for volunteers to serve their neighbors in Charlottesville and surrounding communities.

This place really caters to your family's needs well beyond just giving you food. They accommodated lactose free and gluten sensitive family members. I had told [them] about my son's accident and the reason my family found ourselves in need of assistance. Not once did I feel like I was any less of a person.

Dear Friends,

As much as one quarter of the people in our community face difficult financial choices between adequate food, medical care, transportation, and housing. The mission of Loaves & Fishes Food Pantry is to help relieve a portion of that burden, giving food with kindness and compassion to anyone who seeks assistance while providing an opportunity for volunteers to help their neighbors. This mission is accomplished by an integral team of our staff, our volunteers, and our donors.

When the pantry opened in a local elementary school in 2004, we served two bags of food to 30 to 50 families on Saturday mornings. It is a credit to our staff, our donors, and our volunteers to see how much that has changed over the years. We have moved twice, finally landing in our current facility that has a dedicated parking lot, two walk-in refrigerators and freezers, and space for storing and sorting the food that we receive. Now, we give 350–400 pantry visitors each week about 100 pounds of food.

We all know that the best practice for grocery shopping is to shop around the edges of the store, where the produce, meat, and dairy are, but those are also the more expensive foods. Loaves & Fishes' staff have worked creatively to significantly improve the quality, and quantity, of the food that we can offer. Our "food rescue" team works to educate local grocers about the best foods to donate, which in turn allows us to provide more perishable food and the produce and protein pantry visitors want. Increased monetary donations have enabled us to provide milk and eggs with each distribution. In addition, our nutritionists direct produce packaging and work with clients to meet their dietary requirements. We are now able to provide an amount of fresh produce and protein that we could only dream about in our earlier days.

We are grateful for our donors, who have so generously given to support our community at large. There was a time in the early days of Covid when we wondered if we would need to close the pantry. Your generosity allowed us to grow our staff, expand our perishable storage, and move to a distribution system that allowed us to stay open. Your continued support allows us to provide significant nutritional food to our clients and to support community partners who

Here is what we seek: a compassion that can stand in awe at what the poor have to carry rather than stand in judgment at how they carry it.

Gregory Boyle
Tattoos on the Heart: The Power of Boundless Compassion

are able to further distribute the food to neighbors in need. Your giving makes a difference in the lives of those who live with food insecurity.

It is a blessing to be part of such a great service organization and to live in such a generous community!

With Gratitude,

Part-time

Tracy Arbaugh, *Volunteer Coordinator*
Ensures adequate volunteer support for food sorting, packing, and distribution. Oversees produce sorting and packing program 2.5 days/week.

Winn Ballard, *Produce Assistant*
Oversees produce sorting and packing program 2 days/week.

David Crouch, *Warehouse Assistant*
Moves and stores food in warehouse, assists with weekly distributions.

James O'Leary, *Bilingual Intake Specialist*
Registers pantry visitors in English and Spanish.

Samantha Van Dyke, *Registered Dietitian Nutritionist*
Writes and edits monthly nutrition newsletter and goes car-to-car to provide food samples, recipes, and dietary guidance on eating for best health.

This was my first experience and I am blown away. They did everything! They collected, and loaded everything! Even got books for my grandbabies and a cake to help celebrate my grandson's birthday! These things matter!

Volunteer Program Summary

LOAVES & FISHES RELIES ON 90-100 VOLUNTEERS

each week to help us rescue, inspect, sort, pack, and distribute fresh produce, dairy, meat, bread, and shelf-stable foods. We offer shifts that range in length from 60 minutes to four hours six days a week. Volunteers work alongside staff members and training is provided at the start of each shift, so prior experience is not needed for most of our jobs.

In 2021, 400 volunteers provided 8,500 hours of service to Loaves & Fishes, filling more than 3,300 volunteer shifts. Jobs include answering phones and registering pantry visitors offsite; registering visitors on "wearable" laptops in the parking lot during distributions; prepacking USDA shelf-stable foods; sorting, inspecting, and packing produce; sorting frozen meat and packing variety meat bags; managing the parking lot; and packing grocery carts and taking to pantry visitors as they wait in their cars. Time volunteered ranged from <5 hours (51% of those volunteering) to more than 50 hours by "core" volunteers (12% of total) who have been volunteering regularly once or twice a week since our volunteer operations changed with COVID.

“

When I started at Loaves and Fishes, I was only planning on working 6 months, now it's going on 7 years. I just feel satisfied after knowing that I've helped someone out there that needed it. Makes me sleep well.
